

Telerik Academy Upskill React

FAQ

What will I learn at the Telerik Academy Upskill React program?

The program is three months long and focuses on hands-on experience and real-world web projects. By the end of the program you will be able to develop fully functional web applications with React.

Who can apply and how?

Whether you are front-end or web developer who wants to upskill, or you are new to web development, but have experience in programming, this program will equip you with in-depth understanding and practical insight of the world's most popular front-end library - React.

The admission process includes the following steps:

- CV and application form submission (mandatory)
- Online programming task (mandatory)
- Online career event (optional)
- Interview (upon request)

How much experience should I have?

The program is designed for developers who have at least 1+ years of experience in JavaScript (preferably), or any other programming language (C#, Java, Python, etc.), it is also perfect for Telerik Academy Alpha alumni.

What does the online programming task include?

The task aims to assess your general knowledge in web development. If you are new to web development, it is recommended to research how HTTP and REST work in order to complete the task. There is no time limit for solving it, but you are required to submit your final solution within two weeks of completing your application.

Is there a minimum passing score for the programming task?

No, the passing score for the task will be based on the overall performance of all applicants.

What is the candidate selection process?

We use a holistic review process when evaluating applicants for admission. The final selection of candidates is not based on a simple formula of grades and tests scores. Instead, we consider a variety of factors: application documents, online programming task results, personal motivation for applying, etc. Some candidates might also be invited to attend interview to additionally discuss their motivation and aspirations.

If I am invited for an interview what will that include?

Interviews will focus on candidates' motivation and aspirations and will determine if the program is appropriate for each candidate based on their needs, expectations and personality.

Can I choose between online and onsite training?

Training is planned to be onsite. In case the epidemic situation in Bulgaria persists, and/or onsite training might pose a risk to students and trainers' health, the program will start online. Attendance

(both onsite and online) is key to our students' successful graduation. Participants must attend all classes. Up to 3 days of absence are allowed, plus the program has two 1-week vacations.

Do I have to sign a contract to join the program?

Yes, all admitted students should sign a contract with Telerik Academy prior to the program start.

What happens if I drop out of the program?

In case of any unforeseen and unintended circumstances and within the first 2 weeks of your tuition, you can drop out of the program with no accrued costs.

Are we going to have homework assignments?

Yes, the program includes regular homework assignments which are the basis for the final project presentations.

Are computers needed during lectures?

Computers are needed for all sessions. Please note all students need to use their own devices, both in onsite and online format.

Do all students graduate?

Students must successfully pass all requirements and assignments to graduate.

Will I receive a certificate at the end of the program?

Yes, graduates will receive a certificate for successful graduation of the program.

Does Telerik Academy help alumni find new jobs after successful graduation?

As this is an Upskill program, it isn't geared towards connecting learners and businesses. But the skills and experience you gain will help you excel in your career and/or find a new job, just like it helped our alumni reach their career goals.

How much does the training cost?

The regular tuition fee for Telerik Academy Upskill React is BGN 3,000.

The fee could be either covered by you or your employer. In both cases the fee is paid via bank transfer prior to the program start
